PROACTIVE - HIGH ORGANIZATION - ATTENTIVE TO DETAILS
I have experience in team management, I know how to work in a team to achieve results. I constantly strive to gain additional knowledge and improve my skills both in management experience and in the field of IT. I gained experience in three team projects while training Full Stack Developer at GoIT, which lasted from 2021 till 2022. Additionally, I have got knowledge of HTML, CSS, React, JS, Node.js and other frameworks that allows me to create sites and other software products. I have been learning English for the last 2 years. I read and implement modern developments in IT, in particular I use foreign youtube channels, electronic media resources in particular Medium in the direction of JS, React, Node.JS, Git etc.
